

## ***Hernando Classroom Teachers Association***

## ***Community Action Reaches Every Student***

### **HCTA Members:**

**Help HCTA show our community the impact of teachers in our county. If you volunteer at an organization outside of school hours, HCTA would like to collect that data and share it with our county. As members, we belong to civic, humanitarian, environmental and faith-based organizations and contribute our time and energy throughout the year. During the 2019-2020 school year, help us track the number of hours and the variety of organizations through which we serve our neighbors. I think we will all be surprised by how far our impact reaches beyond the classroom.**
